POLICY ON NONDISCRIMINATION

The Bay Shore Union Free School District does not discriminate on the basis of race, color, national origin, sex, disability or age in employment or its educational programs in accordance with the requirements of Title VI of the Civil Rights Act of 1964; Title IX of the Education Amendments of 1973; Section 504 of the Rehabilitation Act; the Americans with Disabilities Act (ADA) of 1990; or the Age Discrimination Act of 1975, that prohibit discrimination on the basis of race, color, national origin, sex, disability and age, respectively.

If you have questions regarding the district's responsibilities under these regulations, if you wish to make a complaint, or if you require services related to a disability pursuant to Section 504 and the ADA, please contact the following:

Ms. Kristina Cope, Asst. to the Superintendent for Human Resources or Mr. Robert Torres, Director of Student Services and Central Registration (Title IX and Age Discrimination Act)

Dr. Russell Endes, Executive Director of Pupil Personnel Services (Section 504 and ADA)

COMMUNICABLE DISEASES Communicable Disease Control

In order to prevent the spread of communicable disease and to ensure rapid recovery with a minimum of after effects, children should be kept out of school when they show any symptoms of a communicable disease, such as a sore throat, skin rash, cough, etc.

If these symptoms develop into any communicable disease, other than the common cold, parents are asked to notify the school immediately.

Exclusion of Children from School

Children who are ill with any communicable disease are excluded from school and may be

ATTENDANCE GUIDELINES

Children between the ages of six and sixteen years of age are legally required to attend school on a regular basis. Attendance and punctuality are important factors in the achievement and in the development of habits that are important later in life. New York Education Law Section 409-H, effective July 1, 2001, requires all public and nonpublic elementary and secondary schools to provide written notification to all persons in parental relation, faculty, and staff regarding the potential use of pesticides periodically throughout the year.

In the event of an absence or lateness, a written excuse note is required when the student arrives late or returns to school. The note should specify the date of absence/lateness, the reason, and the parent/guardian's signature. Some possible reasons for absence/lateness include illness of student, illness and/or death in the family, religious observance, or required presence in a community activity. The Bay Shore School District is required to maintain a list of persons in parental relation, faculty, and staff who wish to receive 48-hour prior written notification of certain pesticide applications. The following applications are not subject to prior notification requirements:

Bay Shore Schools Standard Practices Handbook, Code, which is regularly distributed to students and available in every school.

GRADUATION

No student will be allowed to graduate or participate in graduation ceremonies unless the student has received a passing grade in all required courses.

GUIDELINES FOR EXPRESSING CONCERNS

In the event of an emergency application necessary to protect against an imminent threat to human health, a good faith effort will be made to supply written notification to those on the 48-hour prior notification list. If you would like to receive 48-hour prior notification of pesticide applications that are scheduled to occur in our schools, please send your full name, address, daytime telephone number, evening telephone number and your email address to:

- A school remains unoccupied for a continuous 72-hours following an application
- Anti-microbial products
- Nonvolatile rodenticides or insecticidal baits in tamper resistant bait stations in areas inaccessible to children
- Silica gels and other nonvolatile ready-to-use pastes, foams, or gels in areas inaccessible to children
- Boric acid and disodium octaborate tetrahydrate
- The application of EPA designated biopesticides
- The application of EPA designated exempt materials under 40CFR152.25
- The use of aerosol products with directed spray in containers of 18 fluid ounces or less when used to protect individuals from an imminent threat from stinging and biting insects including venomous spiders, bees, wasps, and hornets

Mrs. Maureen Virsinger
Assistant Superintendent of Business
75 West Perkal Street, Bay Shore, NY 11706
Telephone: 631-968-1111 Fax: 631-968-2320

REACHING HIGHER STANDARDS

Bay Shore Schools requires students to meet the rigorous New York State Report cards showing the teacher's evaluation of pupil progress are sent to parents. Students are being prepared to earn a high school diploma and be ready to enter college or the workforce periodically. The frequency of these written reports depends on the grade and career goals. To help students meet these benchmarks, the Bay Shore Schools offers support in many forms. Teachers design classroom instruction and activities to match expectations on New York State assessments. Grouping, emphasis on tasks, before and after school help, and extensive summer programs given in the elementary grades, a conference is held with each parent during the year. Questions or problems relating to a child's work should be addressed to the individual teacher concerned.

offers support in many forms. Teachers design classroom instruction and activities to match expectations on New York State assessments. Grouping, emphasis on tasks, before and after school help, and extensive summer programs given in the elementary grades, a conference is held with each parent during the year. Questions or problems relating to a child's work should be addressed to the individual teacher concerned.

Detailed information about report cards may be obtained from the principal or the individual teacher concerned. In the elementary grades, a conference is held with each parent during the year. Questions or problems relating to a child's work should be addressed to the individual teacher concerned.

Parents are encouraged to know and communicate with teachers. In grades 6-12, individual reports are sent to parents.

CODE OF CONDUCT DRESS CODE GUIDELINES

A Board of Education approved Code of Conduct and Dress Code is available to all students. Each student receives an updated code booklet at the beginning of each school year and it is reviewed with staff. The code of conduct and dress code philosophy are periodically reviewed with staff.

The Board of Education has a strong sense of responsibility in ensuring that a safe and orderly environment is maintained for our students, staff and visitors. Incidents occurring on school property, during the school day or at school-sponsored events requiring school intervention. Incidents occurring off school grounds that have an adverse impact on school functions may also require school action. In either case, the appropriate action is outlined in the Code of Conduct when appropriate.

In addition to serving as the primary advocate of appropriate dress and behavior, the Board of Education ensures that a safe and orderly learning environment can be sustained for all.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT - STUDENT RECORDS

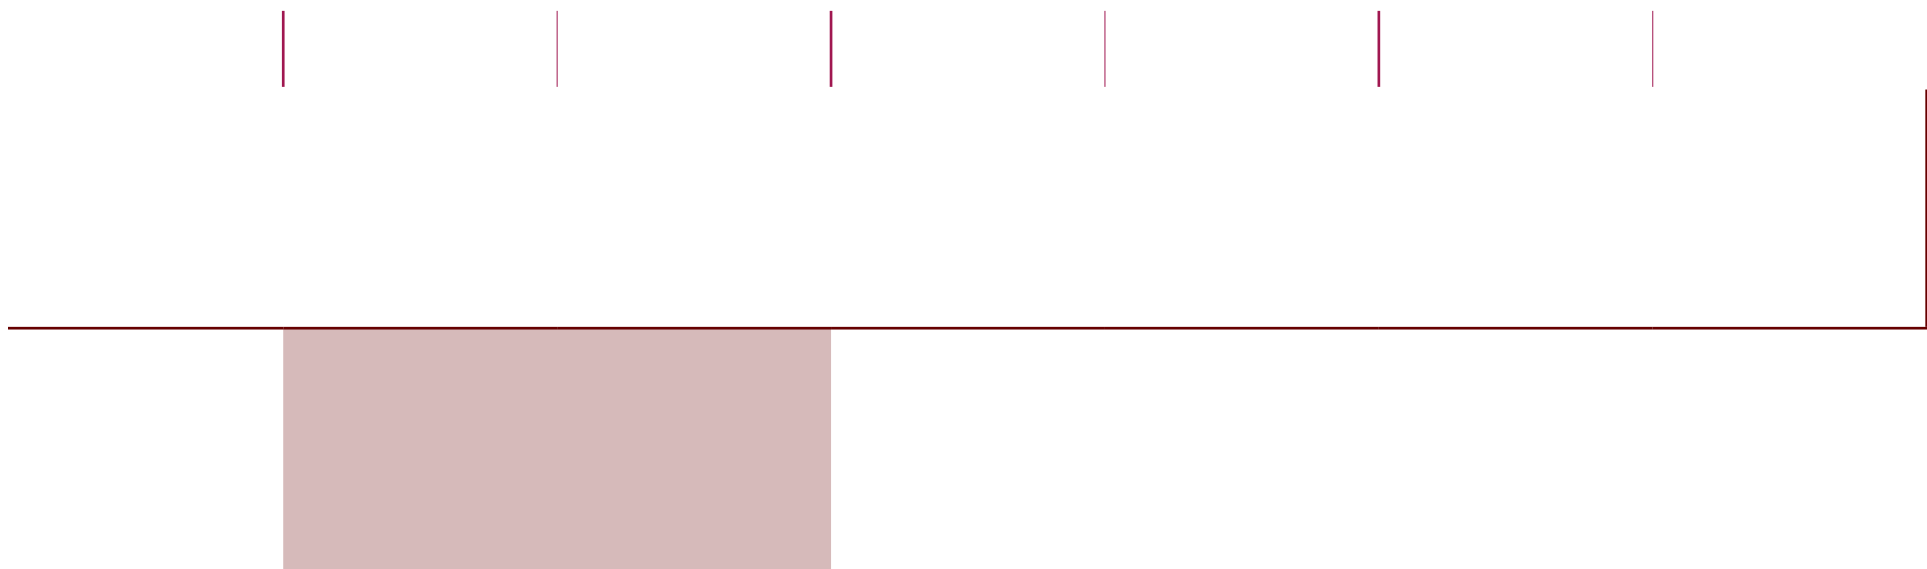

HEALTH SERVICES

The Bay Shore School District ensures that parents and eligible students exercise their rights under the Family Educational Rights and Privacy Act of 1974.

In summary, parents/guardians and eligible students have the following FERPA:

- The right to inspect and review the student's educational records
- The right to request the correction of the student's educational records
- The right to exercise limited control over access to the student's educational records

The New York State Education Law requires that every child enrolled in pre-kindergarten through grade 12 has the right to privacy in their educational records. This law is known as the Family Educational Rights and Privacy Act (FERPA). FERPA gives parents and eligible students the right to inspect and review their child's educational records. It also gives them the right to request the correction of errors in those records. Finally, FERPA gives parents and eligible students the right to control who has access to their child's educational records.
